Single Pocket Card Holder Pattern

Materials

- Vegetable-tanned leather (preferred thickness: 3-4 oz / 1.4-1.6 mm)
- Waxed thread for leather
- Leather glue or contact cement
- Edge burnishing solution

Tools

- Leather scissors or rotary cutter
- Stitching punch or awl
- Leather needles
- Edge beveler (optional)
- Burnishing tool

Dimensions

- Overall size: 92mm × 70mm
- Scale check: Use the 10mm × 10mm square to verify proper printing scale
- Stitch holes: 4mm spacing between holes
- Edge distance: 3mm from edge to stitching line
- Circular cutout: centered for easy card access

Assembly Instructions

1. Cut leather according to the pattern
2. Mark and punch stitch holes as indicated by dots
3. Apply a thin, even layer of leather glue to the inside surfaces
4. Carefully align edges and press together firmly
5. Stitch around the edges using saddle stitch
6. Bevel and burnish edges for a professional finish
